Player Card

- **Get every song right quickly.**
- **No need to do anything else; your Lobby Host and their Script does all the complicated stuff**
- If you're T1, you count for more, so give it your 110%
- Up to 40 songs @ 10 seconds = ~75 minutes
- 0-40 Watched with Random Rig Distribution

Lobby Host Card

Install the **Script** through TamperMonkey, then:

1. Copy and apply **this** lobby setting code
2. Invite players to the lobby and ensure they're lined up correctly (Away then Home, **T1-T2-T3-T4**), then type **/nba howTo** and follow the instructions there
3. Type **/nba start** after everyone is ready. Type **/nba resetGame** if you started by mistake, return to lobby, then type **/nba start** to restart
4. After each Game, open the downloaded **Scoresheet**, copy the top row, then paste it in **#game-reporting** with the Scoresheet and **JSON**
5. Repeat from **Step 1** for a new lobby, from **Step 2** for the same lobby and a new opponent, or from **Step 3** for the same lobby and opponent

Tour Host Card

1. Open the tour **signup** prompt and ask for team **requests/blacklists**
2. After the player list settles, find the **Balancer** and follow the instructions there
3. If needed, ask for 1 **lobby host** volunteer from each team
4. Read the **Format** section and prepare the Challenge
5. Post the Balancer results on **#tour-information**
6. Note the results of each game in **Challenge**
7. If needed, **ping** teams that advance to the Conference/NBA Finals
8. Announce the **results**

Example Card

Warriors				◀	Bucks			
T1	T2	T3	T4		T1	T2	T3	T4
3	1		1			2		

5-2 (miiarad Fast Break)
 Warriors 3-Pointer 12-1 |
 Next Possession: Bucks → |
 Hot Streak: florenz | Scorebug: [Link]

Warriors T1/2/4 and Bucks T2 got this song right. florenz (Warriors T1) counts +2 since he's both the Captain (★) and on a Hot Streak (**H**) of 3+ right answers in a row. miiarad (Bucks T2) counts +1 because they got the song right first (**Fast Break**). This makes the TDIFF $5 - 2 = +3$ for the Warriors, which means a 3-Pointer for them, making the score 12-1. The Bucks will have possession (▼) next song. Here, the Warriors getting 16+ points, the Bucks getting 9+ points, or Q2 reaching Song 10 ends Q2 (**Elam Ending**).
